Chase County Hospital Foundation Board members are elected for a two year term. Terms are offset so only half the board members go off in a given year.

Board members are appointed by the current board. In the case a board member relinquishes their duties for any reason; the board will appoint another person to complete the term of the vacating board member.

Board members who have served two terms may be re-appointed for another term by a majority vote of current board members.

If you are interested in serving on the board of directors, please contact one of the following:
