

Timothy Bringer, M.D. “Doc B” joined Chase County Community Hospital & Clinics in January 2025. He is a “farm boy” from Ohio who graduated from the Ohio State University College of Medicine in 1990. He served in the United States Air Force as a physician on active duty, in the Reserves and in the Air National guard for a total of 28 years before being retired as a full Colonel in 2022.

He completed his family practice residency in Reading, PA and has spent most of his career doing full spectrum family Medicine in rural Idaho and New Mexico. He has delivered around 3000 babies, has done mainly Clinic, ED and inpatient care but also has served as an emergency medical services and hospice medical director. He enjoys everything about rural medicine especially getting to know the people and families who consider him to be their Doctor.

His wife, Nancie, will visit occasionally but is currently working as a lactation consultant for Children's Hospital in Colorado Springs. When not in Imperial, Doc B will be with her in the Springs, playing on their boat, skiing in the mountains or playing baseball.

Whenever possible, the couple will be visiting their youngest son in Madison, Wisconsin where Chris is doing a post doctorate fellowship in biochemistry or with his oldest son, Lee, his daughter in-law, Jenna and their 1st grandchild, Brekken, in Minneapolis.

Dr. Bringer has spent a good deal of his career supporting women's health, managing depression and doing minor surgical procedures but he has yet to find something that he does not enjoy. He is willing to enhance his skill set to meet whatever medical needs our community challenges him with!
